- All donor embryos have been PGT tested
- FET will take place within your chosen affiliated clinic
- We offer a White Glove freight service which is hand carried door to door, avoiding delays and X-rays.
- Our prices include shipping

REQUIREMENTS

- Take a look at our website for donor profiles www.eggandspermcentre.com.au
- Complete a registration form/contact us form with Genesis International.
- You can discuss with our friendly staff what you are looking for.
(eg. ethnicity, height, hair colour)
- Once your choice of egg, sperm or embryo donor is confirmed, please inform Genesis International and your chosen affiliated clinic.
- Your chosen clinic will inform Genesis International when you are ready after the clinic has completed a Donor recipient approval form.
- You will then need to complete a contract with Genesis International.
- Once the contract is signed, full payment is required before the application can be processed.

REQUIREMENTS

- Important information for the guarantee: The semen used for fertilization must be obtained. by ejaculation, and not through surgical extraction TESA, PESA, MESA etc. A semen Analysis must be performed within 1 year of signed contract and must show >1 million total motile sperm and normal sperm morphology >3%.
- Discuss with your Fertility Specialist, if your IVF clinic in Australia or overseas will allow international import of donor eggs, sperm or embryos from Malaysia. We may be of assistance if there is any concern in this regard.
- You will be required to complete certain procedures with your IVF clinic in order to be recipient of donor gametes (ie counselling, blood tests, genetic testing etc)
- Please note that each country's import legislation and laws will be followed.

Checklist

- Is your chosen clinic on our list of affiliated clinics? If not, please request your clinic to contact us to discuss.
- Confirm you have completed all the necessary recipient steps at your chosen affiliated clinic so that they can send us a Donor recipient approval form.
- Is your chosen egg, sperm or embryo donor a carrier of a genetic condition?
Does the egg or sperm provider need to be tested for genetic diseases or carrier status?
- Have you completed a Genesis International registration form?
- Have you found an egg, sperm or embryo donor that you wish to have as your donor?
Please document the code as we will require this.
- Have you decided on which package you want?
- Have you signed the Genesis International contract?
- All the prices mentioned in this brochure are in Australian Dollars (AUD)
Please note, prices are subject to changes.
- Have you received the Terms and Conditions of Genesis International and returned a signed copy?
